## List of Figures

|    |  |    |
|----|--|----|
| 1  | Active Area. Median dark current (only $q_{i,j} < q_i^{th}$ ) vs row . . . . . | 2  |
| 2  | Slope DC fit (from MEMeanDCperRow) vs file . . . . .                           | 2  |
| 3  | Intercept DC fit (from MEMeanDCperRow) vs file . . . . .                       | 3  |
| 4  | Active area. Baseline vs row . . . . .   | 3  |
| 5  | Active area. MAD vs row . . . . .  | 4  |
| 6  | Full Image. Baseline vs column . . . . .                                       | 4  |
| 7  | Full Image. MAD vs column . . . . .  | 5  |
| 8  | Overscan. Baseline vs row . . . . .  | 5  |
| 9  | Overscan. MAD vs row . . . . .   | 6  |
| 10 | PedestalSubtractionProcess: mean pedestal vs file (gauss fit) . . . . .        | 6  |
| 11 | PedestalSubtractionProcess: mean sigma vs file (gauss fit) . . . . .           | 7  |
| 12 | PedestalSubtractionProcess: mean pedestal vs file (gauss fit) . . . . .        | 7  |
| 13 | PedestalSubtractionProcess: mean sigma vs file (gauss fit) . . . . .           | 8  |
| 14 | Masked pixels . . . . .  | 9  |
| 15 | Masked pixels . . . . .  | 10 |
| 16 | Number of pixels with $E > 300.0$ eV vs file . . . . .                         | 11 |
| 17 | Number of pixels with $E > 300.0$ eV vs file . . . . .                         | 11 |
| 18 | Pixel Charge Distribution . . . . .  | 12 |
| 19 | Pixel Charge Distribution . . . . .  | 13 |
| 20 | Pixel Charge Distribution . . . . .  | 14 |
| 21 | Pixel Charge Distribution . . . . .  | 15 |
| 22 | Zero electron peak (from MEFitDC) vs Image . . . . .                           | 16 |
| 23 | Electron Single Resolution (from MEFitDC) vs Image . . . . .                   | 16 |
| 24 | Dark current (from MEFitDC per Row) vs Image . . . . .                         | 17 |
| 25 | Calibration constant (from MEFitDC) vs Image . . . . .                         | 17 |
| 26 | <i>Overscan. PCD Gaussian fit: <math>\mu_0</math></i> . . . . .                | 18 |
| 27 | <i>Overscan. PCD Gaussian fit: <math>\sigma_0</math></i> . . . . .             | 18 |
| 28 | Electronic column transient showing an exponential behaviour . . . . .         | 19 |
| 29 | Column transient decay constant (from MEColTransient) vs Image . . . . .       | 19 |
| 30 | Column transient amplitude (from MEColTransient) vs Image . . . . .            | 20 |
| 31 | CCD Image . . . . .  | 21 |
| 32 | CCD Image . . . . .  | 22 |
| 33 | CCD Image . . . . .  | 23 |
